This is the ninth issue of the Quarterly Review compiled by the Planning and Statistics Division of the P.E.I. Department of Finance. Most of the data in this series are from Statistics Canada. Should you require historical data on the given variables, please contact the Planning and Statistics Division, 892-4261.

Statistics Canada has recently made available data on Provincial Gross Domestic Product at Factor Cost for Selected Industries. We feel this data is somewhat superior to the Census Value Added in Goods-Producing Industries.

This is the tenth issue of the Quarterly Review compiled by the Planning and Statistics Division of the P.E.I. Department of Finance. Most of the data in this series are from Statistics Canada. Should you require historical data on the given variables, please contact the Planning and Statistics Division, 892-4261.

Statistics Canada has recently made available data on Provincial Gross Domestic Product at Factor Cost for Selected Industries. We feel this data is somewhat superior to the Census Value in Goods-Producing Industries.
